- Committee viewed a Plan Year 2018 HealthQuest Rewards Program Webinar.
  - A few notable changes to the 2018 Program:
    - An introductory survey and video will now be standard and worth 3 credits.
    - HealthQuest will promote wellness events that last varying amounts of item (i.e. beyond the standard 4-week events from 2017, HQ will now promote 1-week, 2-week, etc. events). Credits will be earned corresponding to the number of weeks for the specific event (e.g. 1 credit can be earned for a 1-week program).
    - One can now earn up to a total of 8 credits (instead of 3) for EAP on-demand training videos.
    - Improvements in risk categories from one level to the next (e.g. blood pressure, cholesterol, and glucose) can allow one to earn six credits per category (2017 vs. 2018)
  - Questions related to Webinar:
    - For Plan C does one need to meet the minimum of 40 points plus an additional 10 points for the HSA or does one need to earn an additional 50 points above the 40 points for the premium (for a total of 90 points)?
    - If one earns the maximum points for the HSA, does it roll over to 2018?
